

ASHU SAINI

Cloud Solutions Architect | 11 Years Experience

Kuala Lumpur, Malaysia | +60-1115407364 | ashuu25.saini@gmail.com | linkedin.com/in/ashusaini-in

PROFESSIONAL SUMMARY

Results-driven Cloud Solutions Architect with 11 years of experience designing and delivering secure, scalable multi-cloud platforms across AWS and Azure. Proven track record leading enterprise-scale cloud migrations covering 250+ workloads with minimal business disruption, and automating infrastructure via Terraform IaC — reducing manual provisioning time by 60%. Expertise spans Cloud Migration, DevOps & CI/CD, Disaster Recovery, FinOps, and Cloud Security Governance including Zero Trust Architecture and BNM RMiT compliance. Python and Bash scripting used extensively for automation. Consistent focus on cost optimisation and operational excellence aligned to AWS and Azure Well-Architected Frameworks, delivering \$150K+ in annualised client savings.

SKILLS

AWS: EC2, VPC, S3, IAM, AMI, ELB, NAT Gateway, IGW, CloudWatch, Secrets Manager, ECS, Systems Manager, Backup, Direct Connect, GuardDuty, Config, IAM Identity Center, KMS, SageMaker, QuickSight

Azure: VM, VNet, NSG, ExpressRoute, Site-to-Site VPN, ALB, Blob Storage, Microsoft Sentinel, Azure Policy, Entra ID, Key Vault, Azure Monitor, Azure Arc, Log Analytics

IaC & Automation: Terraform, Ansible, AWS CloudFormation, AWS CDK, Python scripting, Bash scripting

DevOps & CI/CD: Jenkins, Docker, Kubernetes, Helm, GitOps, ArgoCD, Git, Maven, Apache Tomcat, Azure DevOps, GitHub

Migration Tools: AWS MGN, Azure Migrate, Azure Site Recovery (ASR), Azure DMS, RiverMeadow, VEEAM, Cloudamize

Security & Governance: Zero Trust Architecture, Cloud Security Posture Management (CSPM), BNM RMiT Compliance, CyberArk, Splunk, AWS Trusted Advisor

FinOps: Cloud cost optimisation, TCO analysis, reserved instance planning, right-sizing, CloudHealth, Apptio

Monitoring: CloudWatch, Azure Monitor, Splunk, Log Analytics

ITSM & Collaboration: ServiceNow (SNOW), BMC Remedy, JIRA, Confluence

Operating Systems: Linux (RHEL/Ubuntu), Windows Server 2008+

PROFESSIONAL EXPERIENCE

Cloud Solutions Architect

Nov 2022 – Present

SoftwareOne | Kuala Lumpur, Malaysia

- Led enterprise-scale AWS and Azure cloud migration programmes covering 250+ workloads across 15+ client accounts using AWS MGN, Azure Migrate, ASR, RiverMeadow and Veeam — achieving <2-hour RTO during cutovers with zero unplanned downtime incidents.
- Architected secure, resilient multi-cloud platforms (AWS VPC, Direct Connect, VPN Peering; Azure VNet, ExpressRoute, Firewall) supporting 99.9% uptime SLA across hybrid enterprise environments.
- Designed enterprise-scale AWS and Azure Landing Zones with hub-and-spoke topology, multi-account governance, and automated policy enforcement mapped to BNM RMiT controls — reducing compliance gaps by approximately 40% across identity, encryption, network security, and audit logging.
- Automated infrastructure provisioning using Terraform IaC across multi-cloud environments, reducing manual provisioning time by 60% and enabling fully repeatable, compliant deployments via GitOps pipelines.
- Implemented cloud governance frameworks leveraging AWS Systems Manager, Azure Automation, Azure Arc, and Azure Policy supporting 500+ managed resources across client environments.
- Designed Disaster Recovery solutions using AWS Backup, Azure Site Recovery, and Geo-Redundant Storage (GRS), meeting defined RTO/RPO targets for 12+ enterprise clients.

- Conducted Cloud Readiness Assessments and TCO Analysis for 10+ clients, producing modernisation roadmaps driving 25-35% cost savings versus on-premises baselines.
- Led Zero Trust Architecture implementations and FinOps optimisation reviews — identifying Reserved Instance and right-sizing opportunities saving clients an average of \$150K+ annually.
- Led technical consulting, post-sales engagements, and executive stakeholder workshops; collaborated with Sales and Professional Services teams to close and deliver 8+ cloud transformation programmes.

Cloud Operations Architect Specialist

Nov 2019 – Oct 2022

Accenture | India

- Authored and maintained Terraform modules for 50+ infrastructure components (EC2, VMs, Load Balancers, VPCs, Scale Sets) across AWS and Azure; migrated 30+ CloudFormation templates to Terraform to standardise IaC practices.
- Managed Docker and Kubernetes clusters for a Vodafone production environment serving millions of users — pod health monitoring, rolling upgrades, patching, Helm chart management, and AMI lifecycle management.
- Built and maintained CI/CD pipelines with Jenkins for the Amdocs suite on AWS, reducing deployment lead time from 4 hours to under 45 minutes; managed Docker images via Dockerfiles and Docker Compose.
- Developed Ansible playbooks and Bash scripts for automated OS patching across 200+ servers, achieving 95%+ patch compliance with Systems Manager Patch Manager; monitored environment health via CloudWatch dashboards.
- Managed root credential rotation via CyberArk/MasterSAM and enforced tag compliance strategies across AWS accounts for security and cost allocation governance.
- Delivered AI/ML infrastructure support using SageMaker and QuickSight analytics; configured Cassandra clusters; authored SOPs for Level 2 support teams.

Tech Lead – Cloud & Infrastructure

Oct 2015 – Nov 2019

Cognizant | India

- Managed L1/L2 Incident & Change Management (ITIL) for a production environment with 99.5% uptime; coordinated 50+ major incidents and emergency deployments with cross-functional vendor teams.
- Administered IAM roles, policies, and Active Directory groups for 300+ users; enforced RBAC strategies, SFTP access control, and network-shared path permissions.
- Automated build and deployment pipelines using Jenkins and Git; built and deployed Docker containers; created JAR/WAR artefacts with Maven deployed to Apache Tomcat across DEV/QA/UAT environments.
- Designed fault-tolerant infrastructure using AWS EC2, S3, IAM, ELB, VPC, and CloudWatch; collaborated with SQL database teams on production deployments; generated Monthly Service Reports (MSR).

CERTIFICATIONS

- **AWS Certified Cloud Practitioner** — Amazon Web Services · Sep 2023
- **HashiCorp Certified: Terraform Associate** — HashiCorp · May 2022
- **Microsoft Azure Fundamentals (AZ-900)** — Microsoft · Oct 2020
- **Microsoft Azure Data Fundamentals (DP-900)** — Microsoft · Jun 2021
- **AWS Solutions Architect – Associate (SAA-C03)** — *In progress (target: Q3 2026)*

EDUCATION & AWARDS

B.Tech, Computer Science & Engineering

2015

Kalasalingam University, Tamil Nadu, India | GPA: 7.6 / 10

- Accenture ACE Award – Extra Mile, Q1 2022
- Accenture Champion Performer Award, Jun 2022
- Accenture Innovator Award, Aug 2021
