

ASHU SAINI

Kuala Lumpur, Malaysia | +60-1115407364 | ashuu25.saini@gmail.com | linkedin.com/in/ashusaini-in

PROFESSIONAL SUMMARY

IT professional with **11 years of experience** in Cloud infrastructure, operations management and large-scale cloud migrations. Proven expertise in designing secure, scalable multi-cloud architectures, leading discovery-to-deployment migration projects, automating infrastructure with IaC and managing cross-functional teams to deliver enterprise cloud solutions aligned with the Well-Architected Framework.

AREAS OF SPECIALISATION

AWS Cloud Migrations & Deployments | Microsoft Azure | Terraform / IaC | DevOps & CI/CD | Disaster Recovery Planning | Cloud Cost Optimisation | Hybrid Cloud Connectivity | Cloud Security & Governance

CORE TECHNICAL SKILLS

Cloud - AWS:	EC2, VPC, S3, IAM, AMI, ELB, NAT Gateway, IGW, CloudWatch, Secrets Manager, ECS, Systems Manager, Backup, Direct Connect, GuardDuty, Config, IAM Identity Center, KMS, SageMaker, QuickSight
Cloud - Azure:	VM, VNet, NSG, ExpressRoute, Site-to-Site VPN, ALB, Blob Storage, Microsoft Sentinel, Azure Policy, Entra ID, Key Vault, Azure Monitor
IaC & Automation:	Terraform, Ansible, AWS CloudFormation, AWS CDK
DevOps & CI/CD:	Jenkins, Docker, Kubernetes, Git, Maven, Apache Tomcat, Azure DevOps, GitHub
Migration Tools:	AWS MGN, RiverMeadow, VEEAM, Cloudamize
Monitoring & Security:	Splunk, CloudWatch, Azure Monitor, AWS Trusted Advisor
ITSM / Collaboration:	ServiceNow (SNOW), BMC Remedy, JIRA, Confluence
Operating Systems:	Linux (RHEL/Ubuntu), Windows Server 2008+

PROFESSIONAL EXPERIENCE

Expert Technology Infrastructure - SoftwareOne

Nov 2022 - Present | Kuala Lumpur, Malaysia

- Led large-scale **AWS** and **Azure Cloud Migration** initiatives utilizing **AWS MGN, Azure Migrate, Azure Site Recovery (ASR), Azure DMS, RiverMeadow, Veeam and Cloudamize**, performing application discovery, dependency mapping, migration wave planning and workload cutovers with minimal business disruption.
- Architected secure, resilient and scalable cloud platforms across **AWS (EC2, VPC, Security Groups, NACLs, Direct Connect, VPN, VPC Peering)** and **Azure (Virtual Machines, VNet, NSG, Azure Firewall, ExpressRoute, VPN Gateway, VNet Peering)** to support enterprise and hybrid-cloud workloads.
- Architected enterprise-scale **AWS** and **Azure Landing Zones** incorporating **organizational guardrails, multi-account/subscription governance, hub and spoke VPC/VNet designs** and automated policy enforcement mapped to **Bank Negara Malaysia (BNM) RMIT** controls for identity management, encryption, network security, audit logging and compliance governance.
- Automated infrastructure provisioning and configuration management using **Terraform**, enabling standardized, repeatable and compliant Infrastructure-as-Code (IaC) deployments across multi-cloud environments.
- Implemented cloud operations, governance and compliance frameworks leveraging **AWS Systems Manager, Azure Automation, Azure Arc, Azure Policy, Azure Monitor** and **Log Analytics** for patch management, monitoring, configuration control and operational excellence.
- Designed and implemented **Disaster Recovery (DR)** and **Business Continuity** solutions using **AWS Backup, Azure Backup, Azure Site Recovery, Recovery Services Vaults and Geo-Redundant Storage (GRS)**, ensuring alignment with defined **RTO/RPO** objectives.
- Conducted **Cloud Readiness Assessments, TCO Analysis** and migration business case evaluations, developing modernization strategies aligned with the **AWS Well-Architected Framework, Azure Well-Architected Framework** and **Microsoft Cloud Adoption Framework (CAF)**.
- Led technical consulting, post-sales engagements and executive stakeholder discussions, translating business requirements into scalable cloud architectures and transformation roadmaps.
- Delivered architecture workshops, migration discovery sessions and cloud adoption enablement programs while collaborating with **Cloud Solution Architects, Professional Services** and Sales Teams to accelerate enterprise cloud transformation initiatives.

Cloud Operations Architect Specialist - Accenture

Nov 2019 - Oct 2022

- Authored and maintained **Terraform** scripts for **EC2, VMs, Load Balancers, VPCs, Bastion Hosts and Scale Sets** across **AWS** and **Azure**; converted **CloudFormation** templates to **Terraform** to standardise **IaC** practices; performed end-to-end automation via **Azure DevOps** and **GitHub**.
- Managed **Docker** and **Kubernetes** clusters - pod health, upgrades, patching and AMI updates
- Built **CI/CD pipelines** with **Jenkins**; deployed Amdocs suite on Vodafone AWS; managed **Docker** images via Dockerfiles and Docker Compose; developed **Ansible** playbooks for automated patching and OS patch management via **Systems Manager Patch Manager**.
- Monitored environment health via **CloudWatch**; optimised performance and cost using **AWS Trusted Advisor**; managed root credential rotation via **CyberArk**; implemented tag compliance strategies.
- Worked with **SageMaker** and **QuickSight** analytics; configured **Cassandra** clusters; provided security oversight; led knowledge transitions and created SOPs for support teams.

Tech Lead - Cognizant

Oct 2015 - Nov 2019

- Managed L1/L2 Incident & Change Management aligned with the **ITIL framework**; coordinated major incidents, emergency deployments and IIS-level configuration changes; partnered with vendors on critical production issue resolution.
- Administered **IAM** roles, policies and **Active Directory** groups; enforced resource tagging and access control strategies; managed network-shared path permissions and SFTP connections.
- Automated build and deployment pipelines with **Jenkins** and **Git**; built and deployed **Docker** containers; created JAR/WAR files with **Maven** and deployed to **Apache Tomcat**; managed DEV/QA/UAT environments.
- Utilised **AWS** services (EC2, S3, IAM, AMI, ELB, VPC, CloudWatch) to design fault-tolerant infrastructure; collaborated with SQL teams for database deployments; generated operational and Monthly Service Reports (MSR).

CERTIFICATIONS

AWS Solutions Architect – Associate (Certificate of Completion) - May 2020

HashiCorp Certified: Terraform Associate - May 2022

AWS Certified Cloud Practitioner - Sep 2023

Microsoft Azure Fundamentals (AZ-900) - Oct 2020

Microsoft Azure Data Fundamentals - Jun 2021

EDUCATION & AWARDS

B.Tech, Computer Science & Engineering

Kalasalingam University, Tamil Nadu, India - 2015 | GPA: 7.6

- Accenture ACE Award - Extra Mile, Q1 2022
- Accenture Champion Performer Award, Jun 2022
- Accenture Innovator Award, Aug 2021
